# REPORT OF AUDIT OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of the Borough Council Borough of Lindenwold Lindenwold, New Jersey 08021

#### **Report on the Financial Statements**

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Borough of Lindenwold, in the County of Camden, State of New Jersey, as of December 31, 2016 and 2015, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

#### Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

As described in note 1 to the financial statements, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough of Lindenwold, in the County of Camden, State of New Jersey, as of December 31, 2016 and 2015, or the results of its operations and changes in fund balance for the years then ended.

#### Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Borough of Lindenwold, in the County of Camden, State of New Jersey, as of December 31, 2016 and 2015, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the year ended December 31, 2016, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

#### **Other Matters**

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The supplemental statements and schedules presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements of the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental statements and schedules described in the previous paragraph are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2017 on our consideration of the Borough of Lindenwold, in the County of Camden, State of New Jersey, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Lindenwold's internal control over financial reporting and compliance.

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of the Borough Council Borough of Lindenwold Lindenwold, New Jersey 08021

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Borough of Lindenwold, in the County of Camden, State of New Jersey, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements, and have issued our report thereon dated June 27, 2017. That report indicated that the Borough of Lindenwold's financial statements were not prepared in accordance with accounting prescribed by the Division of Local Government Services, Department of a regulatory basis of accounting prescribed by the Division functional statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough of Lindenwold's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Lindenwold's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Lindenwold's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify one deficiency in internal control, as described in the accompanying *Schedule of Findings and Recommendations* that we consider to be a material weakness: 2016-001.

#### 12900

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough of Lindenwold's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or another matter that is required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and which is described in the accompanying *Schedule of Findings and Recommendations* as finding no.: 2016-001.

#### The Borough of Lindenwold's Response to Findings

The Borough of Lindenwold's response to the finding identified in our audit is described in the accompanying *Schedule of Findings and Recommendations*. The Borough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## BOROUGH OF LINDENWOLD

Notes to Financial Statements For the Year Ended December 31, 2016

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Description of Financial Reporting Entity** - The Borough of Lindenwold (hereafter referred to as the "Borough") was incorporated in January, 1929 and is located in southwest New Jersey approximately twenty miles southeast of the City of Philadelphia. The 2010 estimated population according to the U.S. Census Bureau was 17,613.

The Borough operates under a Mayor-Council form of government. The Mayor is chief executive officer of the Borough and is elected by general election for a four year term. The Council is the legislative body of the Borough and consists of six members elected by popular vote to three year terms. Administrative responsibilities are assigned to the Borough Administrator. Policy is determined by Council and the Administrator is responsible for carrying out such policy.

<u>**Component Units</u>** - The Borough had no component units as defined by Governmental Accounting Standards Board Statement No. 14, as amended by GASB Statements No. 39 and No. 61.</u>

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** - The financial statements of the Borough contain all funds and account groups in accordance with the *Requirements of Audit* (*"Requirements"*) as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the Borough accounts for its financial transactions through the use of separate funds which are described as follows:

<u>**Current Fund</u></u> - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.</u>** 

<u>**Trust Funds</u>** - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.</u>

<u>General Capital Fund</u> - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

<u>Sewer Utility Operating and Capital Funds</u> - The sewer utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned sewer operations.

<u>Solid Waste Utility Operating Fund</u> - The Solid Waste Utility Operating Fund accounts for the operations of the municipally owned Solid Waste Utility. See Note 20.

<u>General Fixed Asset Group of Accounts</u> - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

**Budgets and Budgetary Accounting** - The Borough must adopt an annual budget for its current and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements.

<u>Cash, Cash Equivalents and Investments</u> - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Borough requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6. differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Part 200, §200.12), except that the useful life of such property is at least five years. The Borough has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Borough is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the Borough's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

<u>Utility Fixed Assets</u> - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment, improvements, and contributed capital.

**Foreclosed Property** - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed asset group of accounts. If such property is converted to a municipal use, it will be recorded in the general fixed asset group of accounts.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

**Liens Sold for Other Governmental Units** - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

**Fund Balance** - Fund balances included in the current fund and sewer utility operating fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Borough's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budgets of the County of Camden, Borough of Lindenwold School District and Borough of Lindenwold Fire District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

**School Taxes** - The Borough is responsible for levying, collecting, and remitting school taxes for the Borough of Lindenwold School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31.

<u>County Taxes</u> - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Camden. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each year. Operations is charged for the amount due to the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

**<u>Fire District Taxes</u>** - The municipality is responsible for levying, collecting, and remitting fire district taxes for the Borough of Lindenwold Fire District. Operations is charged for the full amount required to be raised from taxation to operate the Fire District for the period from January 1 to December 31.

**Reserve for Uncollected Taxes** - The inclusion of the "reserve for uncollected taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

<u>Compensated Absences and Postemployment Benefits</u> - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

## Note 2: CASH AND CASH EQUIVALENTS

<u>Custodial Credit Risk Related to Deposits</u> - Custodial credit risk is the risk that, in the event of a bank failure, the Borough's deposits might not be recovered. Although the Borough does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of December 31, 2016, the Borough's bank balances of \$10,346,039.01 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 8,904,641.17
Uninsured and Uncollateralized	 1,441,397.84
Total	\$ 10,346,039.01

<u>New Jersey Cash Management Fund</u> - During the year, the Borough participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At December 31, 2016, the Borough's deposits with the New Jersey Cash Management Fund were \$177,660.35.

#### Note 8: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances were recorded on the various statements of assets, liabilities, reserves and fund balance as of December 31, 2016:

Fund	Interfunds <u>Receivable</u>	Interfunds <u>Payable</u>
Current Fund	\$ 274,515.66	\$ 40,143.46
Animal Control Fund		1.13
Trust Other Funds	40,143.46	
General Capital Fund		310.76
Sewer Utility Operating Fund		274,203.77
	\$ 314,659.12	\$ 314,659.12

The interfund receivables and payables above predominately resulted from collections and payments made by certain funds on behalf of other funds. During the year 2017, the Borough expects to liquidate such interfunds, depending upon the availability of cash flow.

#### Note 9: PENSION PLANS

A substantial number of the Borough's employees participate in one of the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.nj.gov/treasury/pensions

#### **General Information about the Pension Plans**

#### **Plan Descriptions**

**Public Employees' Retirement System -** The Public Employees' Retirement System is a costsharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS's designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Borough, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS's Board of Trustees is primarily responsible for the administration of the PERS.

#### General Information about the Pension Plans (Cont'd)

#### Plan Descriptions (Cont'd)

**Police and Firemen's Retirement System** - The Police and Firemen's Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. The PFRS's designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PFRS is mandatory for substantially all full-time police and firemen of the Borough. The PFRS's Board of Trustees is primarily responsible for the administration of the PFRS.

#### Vesting and Benefit Provisions

**Public Employees' Retirement System -** The vesting and benefit provisions are set by N.J.S.A. 43:15A and 43:3B. The PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The following represents the membership tiers for PERS:

#### **Tier** Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
- 4 Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Police and Firemen's Retirement System** - The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except disability benefits, which vest after four years of service.

The following represents the membership tiers for PFRS:

#### **Tier** Definition

- 1 Members who were enrolled prior to May 22, 2010
- 2 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 3 Members who were eligible to enroll on or after June 28, 2011

#### General Information about the Pension Plans (Cont'd)

#### Vesting and Benefit Provisions (Cont'd)

**Police and Firemen's Retirement System (Cont'd)** - Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

#### Contributions

**Public Employees' Retirement System -** The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.06% in State fiscal year 2016. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) increased from 8.5% of base salary to 10%. Employers' contribution amounts are based on an actuarially determined rate. The Borough's contribution amounts are based on an actuarially determined rate which included the normal cost and unfunded accrued liability.

The Borough's contractually required contribution rate for the year ended December 31, 2016 was 13.95% of the Borough's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2016, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2016 is \$268,773.00, and is payable by April 1, 2017. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. Based on the PERS measurement date of June 30, 2015, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2016. Employee contributions to the plan during the year ended December 31, 2016 were \$143,363.81.

**Police and Firemen's Retirement System -** The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 8.5% to 10.0% in October 2011. Employers' contributions are based on an actuarially determined amount which includes the normal cost and unfunded accrued liability.

#### General Information about the Pension Plans (Cont'd)

#### Contributions (Cont'd)

**Police and Firemen's Retirement System (Cont'd)** - *Special Funding Situation Component* - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

The Borough's contractually required contribution rate for the year ended December 31, 2016 was 24.79% of the Borough's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Based on the most recent PFRS measurement date of June 30, 2016, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2016 is \$857,148.00, and is payable by April 1, 2017. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. Based on the PFRS measurement date of June 30, 2015, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2015 was \$824,912.00, which was paid on April 1, 2016. Employee contributions to the plan during the year ended December 31, 2016 were \$350,473.37.

The amount of contractually required contribution for the State of New Jersey's proportionate share, associated with the Borough, for the year ended December 31, 2016 was 1.87% of the Borough's covered payroll.

Based on the most recent PFRS measurement date of June 30, 2016, the State's contractually required contribution, on-behalf of the Borough, to the pension plan for the year ended December 31, 2016 is \$64,618.00, and is payable by April 1, 2017. Based on the PFRS measurement date of June 30, 2015, the State's contractually required contribution, on-behalf of the Borough, to the pension plan for the year ended December 31, 2015 was \$77,166.00, which was paid on April 1, 2016.

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

**Public Employees' Retirement System -** At December 31, 2016, the Borough's proportionate share of the PERS net pension liability was \$8,960,393.00. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2016. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2016 measurement date, the Borough's proportion was 0.0302540884%, which was an increase of 0.0026448969% from its proportion measured as of June 30, 2015.

At December 31, 2016, the Borough's proportionate share of the PERS pension expense, calculated by the plan as of the June 30, 2016 measurement date is \$855,468.00. This expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2016, the Borough's contribution to PERS was \$237,365.00, and was paid on April 1, 2016.

**Police and Firemen's Retirement System -** At December 31, 2016, the Borough's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

Borough's Proportionate Share of Net Pension Liability	\$ 20,082,061.00
State of New Jersey's Proportionate Share of Net Pension	
Liability Associated with the Borough	1,686,395.00
	\$ 21,768,456.00

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2016. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. For the June 30, 2016 measurement date, the Borough's proportion was 0.1051276003%, which was an increase of 0.0036437911% from its proportion measured as of June 30, 2015. Likewise, at June 30, 2016, the State of New Jersey's proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough, was 0.1051276003%, which was an increase of 0.0036437911% from its proportion, on-behalf of the Borough is proportion.

At December 31, 2016, the Borough's proportionate share of the PFRS pension expense, calculated by the plan as of the June 30, 2016 measurement date is \$2,385,922.00. This expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2016, the Borough's contribution to PFRS was \$824,912.00, and was paid on April 1, 2016.

At December 31, 2016, the State's proportionate share of the PFRS pension expense, associated with the Borough, calculated by the plan as of the June 30, 2016 measurement date is \$215,392.00. This onbehalf expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1.

#### <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows</u> of Resources Related to Pensions (Cont'd)

**Deferred Outflows of Resources and Deferred Inflows of Resources -** At December 31, 2016, the Borough had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

#### **Actuarial Assumptions**

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2016. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	PERS	PFRS
Inflation	3.08%	3.08%
Salary Increases: Through 2026 Thereafter	1.65% - 4.15% Based on Age 2.65% - 5.15% Based on Age	2.10% - 8.98% Based on Age 3.10% - 9.98% Based on Age
Investment Rate of Return	7.65%	7.65%
Mortality Rate Table	RP-2000	RP-2000
Period of Actuarial Experience Study upon which Actuarial Assumptions were Based	July 1, 2011 - June 30, 2014	July 1, 2010 - June 30, 2013

For PERS, pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. Mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For PFRS, pre-retirement mortality rates were based on the RP-2000 Pre-Retirement mortality tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Postretirements and beneficiaries were based the RP-2000 Combined Healthy Mortality Tables projected on a generational basis using the plan actuary's modified 2014 projection scales. Postretirement mortality rates for female service retirements and beneficiaries were based the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Disability mortality rates were based on a generational basis using the plan actuary's modified 2014 projection scales. Disability mortality rates were based on special mortality tables used for the period after disability retirement.

#### Actuarial Assumptions (Cont'd)

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's and PFRS's target asset allocation as of June 30, 2016 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Cash	5.00%	0.87%
U.S. Treasuries	1.50%	1.74%
Investment Grade Credit	8.00%	1.79%

	100.00%	

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2016 was 3.98% for PERS and 5.55% for PFRS. For both PERS and PFRS, the respective single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034 for PERS and through 2050 for PFRS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034 for PERS and through 2050 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

## Sensitivity of Borough's Proportionate Share of Net Pension Liability to Changes in the Discount Rate

**Public Employees' Retirement System (PERS)** - The following presents the Borough's proportionate share of the net pension liability at June 30, 2016, the plans measurement date, calculated using a discount rate of 3.98%, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1%	Current	1%
	Decrease <u>(2.98%)</u>	Discount Rate (3.98%)	Increase <u>(4.98%)</u>
Borough's Proportionate Share of the Net Pension Liability	\$ 10,979,916.00	\$ 8,960,393.00	\$ 7,293,102.00

**Police and Firemen's Retirement System (PFRS)** - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the Borough's annual required contribution. As such, the net pension liability as of June 30, 2016, the plans measurement date, for the Borough and the State of New Jersey, calculated using a discount rate of 5.55%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	1% Decrease <u>(4.55%)</u>	Current Discount Rate <u>(5.55%)</u>	1% Increase <u>(6.55%)</u>
Borough's Proportionate Share of the Net Pension Liability	\$ 25,894,345.00	\$ 20,082,061.00	\$ 15,342,493.00
State of New Jersey's Proportionate Share of Net Pension Liability

	\$ 28,068,827.70	\$ 21,768,456.00	\$ 16,630,881.84

#### Pension Plan Fiduciary Net Position

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS and PFRS, please refer to the plan's Comprehensive Annual Financial Report (CAFR) which can be found at <a href="https://www.nj.gov/treasury/pensions">www.nj.gov/treasury/pensions</a>.

#### **Supplementary Pension Information**

In accordance with GASB 68, the following information is also presented for the PERS and PFRS Pension Plans. These schedules are presented to illustrate the requirements to show information for 10 years; however, until a full 10-year trend is compiled, this presentation will only include information for those years for which information is available.

## Other Notes to Supplementary Pension Information

#### Public Employees' Retirement System (PERS)

#### Changes in Benefit Terms - None

Changes in Assumptions - For 2016, the discount rate changed to 3.98%, the long-term expected rate of return changed to 7.65%, demographic assumptions were revised in accordance with the results of the July 1, 2011 - June 30, 2014 experience study and the mortality improvement scale incorporated the plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter. For 2015, the discount rate changed to 4.90%. In addition, the social security wage base was set at \$118,500 for 2015, increasing 4.00% per annum, compounded annually and the 401(a)(17) pay limit was set at \$265,000 for 2015, increasing 3.00% per annum, compounded annually. For 2014, the discount rate was 5.39%.

#### Police and Firemen's Retirement System (PFRS)

Changes in Benefit Terms - None

Changes in Assumptions - For 2016, the discount rate changed to 5.55%, the long-term expected rate of return changed to 7.65%, and the mortality improvement scale incorporated the plan actuary's modified 2014 projection scale. Further, salary increases were assumed to increase between 2.10% and 8.98% (based on age) through fiscal year 2026 and 3.10% and 9.98% (based on age) for each fiscal year thereafter. For 2015, the discount rate changed to 5.79% and demographic assumptions were revised in accordance with the results of the July 1, 2010 - June 30, 2013 experience study. For 2014, the discount rate was 6.32%.

#### Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

**Plan Description** - The Borough contributes to the State Health Benefits Program ("SHBP"), a costsharing, multiple-employer defined benefit post-employment healthcare plan, administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2001, the Borough authorized participation in the SHBP's post-retirement benefit program through resolution number 92-2001. The majority of the employees are entitled to postemployment benefits in accordance with approved union contracts which indicate that employees retiring from the Borough shall receive medical coverage based on years of employment. The length of time a retiree is eligible for paid postemployment benefits varies based on certain other factors. Specific information can be obtained from the Borough's approved contracts and policies.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/.

#### Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)

**Funding Policy** - Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis. The Borough funds these benefits on a pay-as-you-go basis and, therefore, does not record accrued expenses related to these benefits.

The Borough's contributions to SHBP for the years ended December 31, 2016, 2015, and 2014, were \$390,211.92, \$309,648.43 and \$362,755.40, respectively, which equaled the required contributions each year. There were approximately 20 retired participants eligible at December 31, 2016.

#### Note 11: OTHER POST EMPLOYMENT BENEFITS

The financial statements of the Borough are not prepared in accordance with Governmental Accounting Standards Board Statement No. 45. The following information is provided in accordance with the requirements of the Statement and has been implemented prospectively.

#### **Plan Description**

The Borough's defined benefit postemployment healthcare plan, the Lindenwold Borough Postemployment Benefits Plan (the "Borough Plan"), allows retiring employees to receive paid dental benefits up to three years based on years of service, and employees retiring on a disability pension to receive paid dental benefits for life.

The Borough Plan is an agent multiple-employer postemployment healthcare plan administered by the Municipal Reinsurance Health Insurance Fund (the "MRHIF). The benefit provisions of the plans that participate may be established or amended by the respective employer entities; for the Borough Plan that authority rests with the Borough Council. The plan does not issue a separate financial report.

#### **Funding Policy**

The contribution requirement of the Borough is established by policy of the Borough Council and reflected in the various union contracts. The Council may amend its policy, subject to contract inclusion, as deemed necessary. The required contribution is based on projected pay-as-you-go financing requirements. For the years 2016, 2015 and 2014, the Borough contributed \$14,764.00, \$12,844.00 and \$14,988.00, respectively, to the Borough plan for current premiums. Various factors, as stipulated in employee contracts, dictate whether plan members are required to make contributions to the plan. For the years 2016, 2015 and 2014, retiree contributions to the plan were \$3,904.00 \$3,703.24 and \$3,315.96, respectively.

#### Annual OPEB Cost and Net OPEB Obligation

The Borough's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

## Note 11: OTHER POST EMPLOYMENT BENEFITS (CONT'D)

## Annual OPEB Cost and Net OPEB Obligation (Cont'd)

The following table shows the components of the Borough's annual OPEB cost, the amount actually contributed to the Plan, and changes in the Borough's net OPEB obligation to the Plan:

	<u>2016</u>	<u>2015</u>	<u>2014</u>
Annual Required Contribution (ARC) Interest on the Net OPEB Obligation Adjustment to the ARC	\$ 71,112.00 10,626.77 (14,497.73)	\$ 71,112.00 8,138.10 (11,102.53)	\$ 46,216.00 6,845.05 (9,338.54)

Percentage of Annual OPEB Cost Contribution	22.0%	18.8%	34.3%

#### Funded Status and Funding Progress

As of December 31, 2015, the most recent actuarial valuation date, the Borough Plan was 0% funded. The actuarial accrued liability for benefits was \$819,114.00, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$819,114.00. The covered payroll (annual payroll of active employees covered by the plan) was \$5,143,744.95, and the ratio of the UAAL to the covered payroll was 15.9%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the dental care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented on the following page as supplementary information, compares the assets used for funding purposes to the comparable liabilities to determine how well the Borough Plan is funded. The actuarial liability is compared to the actuarial value of assets to determine the funding ratio. The Actuarial Accrued Liability under GASB is determined assuming that the Borough Plan is ongoing and participants continue to terminate employment, retire, etc., in accordance with the actuarial assumptions.

#### **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

## Note 11: OTHER POST EMPLOYMENT BENEFITS (CONT'D)

## Actuarial Methods and Assumptions (Cont'd)

In the December 31, 2015 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 4.5% discount rate. The actuarial medical trend assumptions include an annual dental trend rate of 5.0%. The Borough Plan's unfunded actuarial accrued liability is being amortized as a level dollar on an open basis for a period of 30 years.

The funded status of the plan as of the three past actuarial valuation dates is as follows:

	December 31,		
	<u>2015</u> <u>2012</u> <u>2010</u>		
Actuarial Accrued Liability (AAL) Actuarial Value of Plan Assets	\$ 819,114.00 \$ 560,639.00 \$ 425,900.00

## Note 11: OTHER POST EMPLOYMENT BENEFITS (CONT'D)

#### Actuarial Methods and Assumptions (Cont'd)

Key Actuarial Assumptions (Cont'd):

<u>Attribution period</u> – The attribution period begins with the date of hire and ends with full benefits eligibility date.

<u>Per capita cost methods</u> – The valuation reflects per capita net premium costs based on actual 2015 dental benefits and the plan option selected. Plan selections are assumed to remain unchanged in retirement.

<u>Retiree Contributions</u> – NJ Chapter 78 requires that certain future retirees contribute toward the cost of their benefits. Specifically, those who had retired prior to passage of Chapter 78 and those employees that had more than 25 years of service on the date of passage are grandfathered. All others are subject to the contribution rates in effect when they retire, but not less than 1.5% of their annual retirement allowance from the Public Employees Retirement System. For purposes of this valuation, we have assumed that future retiree contribution percentages will be equal to the current percentage of premium.

For determining the GASB ARC, the rate of employer contributions to the Plan is composed of the Normal Cost plus amortization of the Unfunded Actuarial Liability. The Normal Cost is a portion of the actuarial present value of plan benefits which is allocated to a valuation year. The Actuarial Liability is that portion of the Present Value of Projected Benefits that will not be paid by Future Employer Normal Costs or active employee contributions. The difference between this liability and the funds accumulated as of the same date is the Unfunded Actuarial Liability.

#### Note 12: COMPENSATED ABSENCES

Borough employees are entitled to fifteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward from year to year. Upon retirement, an employee may sell back to the Borough unused accumulated sick days, subject to certain conditions. Generally, the maximum monetary compensation to be paid is \$15,000.00 for any employee.

The Borough of Lindenwold does not record accrued sick leave. However, based upon current Borough policies and contracts, it is estimated that at December 31, 2016 accrued sick leave benefits payable in future years is valued at \$561,063.48.

Vacation days not used during the current year may be accumulated and carried forward. Upon resignation or retirement from Borough employment, an employee shall be paid cash at the normal rate of pay for any unused vacation leave. It is estimated that at December 31, 2016 accrued vacation benefits payable in future years is valued at \$259,036.64.

The Borough has established a compensated absences trust fund to set aside funds for future payments of compensated absences. At December 31, 2016, the balance of the fund was \$119,219.78.

#### Note 13: DEFERRED COMPENSATION SALARY ACCOUNT

The Borough offers its employees two deferred compensation plans in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Borough or its creditors. Since the Borough does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Borough's financial statements.

#### Note 14: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2016, the following deferred charges are shown on the statement of assets, liabilities, reserves and fund balance of the following funds:

	Balance Dec. 31, 2016	2017 Budget <u>Appropriations</u>	Balance to Succeeding <u>Years</u>
Current Fund: Special Emergency Authorizations General Capital Fund:	\$ 23,527.00	\$ 23,527.00	-
Overexpenditures of Ordinance Appropriations	150,626.00	-	\$ 150,626.00

The appropriations in the 2017 Budget as adopted are not less than that required by the statutes.

#### Note 15: LEASE OBLIGATIONS

At December 31, 2016, the Borough had lease agreements in effect for the following:

Capital: Police Vehicles

Operating: Postage Meter Photocopiers

The following is an analysis of the Borough's capital and operating leases:

## Note 17: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>New Jersey Unemployment Compensation Insurance</u> - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State.

The following is a summary of Borough contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's trust fund for the current and previous two years:

<u>Year</u>	Borough <u>Contributions</u>	Employee Contributions	Interest <u>Earnings</u>	Amount <u>Reimbursed</u>	Ending <u>Balance</u>
2016	\$ 50,000.00	\$ 8,817.66	\$ 88.65	\$ 25,994.43	\$ 81,625.06
2015	50,000.00	8,628.45	64.74	20,243.89	48,713.18
2014	30,000.00	7,945.01	9.51	35,771.32	10,263.88

<u>Joint Insurance Pools</u> - The Borough of Lindenwold is a member of the Camden County Municipal Joint Insurance Fund. The Fund offers its members the following coverage:

Workers' Compensation General Liability Auto Liability Property/Boiler and Machinery Auto Physical Damage Public Officials Environmental Impairment Liability

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Fund provides the Borough with the following coverage:

Property Insurance Business Automobile Insurance Workers Compensation Insurance Environmental Legal Liability Insurance Underground Storage Tank Policy Excess Workers Compensation and Employer's Liability Insurance Excess Public Officials and Employment Liability Insurance

The Fund publishes its own financial report for the year ended December 31, 2016, which can be obtained at <u>www.camdenmunicpaljif.org</u>.

### Note 17: RISK MANAGEMENT

<u>Joint Insurance Pools (Cont'd)</u> - The Borough of Lindenwold is also a member of the Southern New Jersey Regional Employee Benefits Fund. The Fund provides its members with health benefits coverage, including dental coverage for the Borough.

Contributions to the Fund, including a reserve for contingencies, are payable in twelve installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Fund publishes its own financial report for the year ended December 31, 2016, which can be obtained at <u>www.snjrebf.com</u>.

#### Note 18: CONTINGENCIES

<u>Grantor Agencies</u> - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Borough expects such amount, if any, to be immaterial.

#### Note 19: CONCENTRATIONS

The Borough depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Borough is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

#### Note 20: DISSOLUTION OF SOLID WASTE UTILITY

On November 11, 2015, the Borough adopted an ordinance to repeal Chapter 276, Article III, sections 17-21 of the Borough's Municipal Code, thereby dissolving the Borough's Solid Waste Utility as of December 31, 2015. During the 2016 annual budget preparation process, the Borough made application to the State of New Jersey, Department of Community Affairs, Division of Local Government Services, Local Finance Board for approval of a cap base adjustment for the transfer of all costs associated with the collection and disposal of solid waste to the 2016 Current Fund Budget. On May 11, 2016, the Borough received such approval. As a result of the dissolution and Local Finance Board approval, all assets, liabilities and reserves reported in the Solid Waste Utility Operating Fund as of December 31, 2015 were transferred to and accounted for in the Current Fund in 2016. Consequently, a Statement of Assets, Liabilities, Reserves and Fund Balance as of December 31, 2016 and a Statement of Operations and Changes in Fund Balance for the year ended December 31, 2016 are not included in the Borough's basic financial statements for the Solid Waste Operating Fund.

#### Note 21: TAX ABATEMENTS

The Borough has entered into property tax abatement agreements with certain entities under Section 37 of the New Jersey Housing and Mortgage Finance Agency Law of 1983 (N.J.S.A. 55:14K-1 et seq.) and/or the Long Term Tax Exemption Law (N.J.S.A. 40A:20-1, et seq.). Under these statutes, tax abatements are granted typically to businesses and/or developers to encourage them to make improvements to property or to locate a project in a distressed or blighted area of the Borough.

The Borough negotiates property tax abatement agreements on an individual basis. The Borough has the following long term tax abatement agreements with three entities as of December 31, 2016:

<u>Purpose</u>	Percentage of Municipal Taxes Abated <u>During 2016</u>	Amount of Municipal Taxes Abated <u>During 2016</u>	Payments In Lieu of Taxes Collected <u>During 2016</u>
Senior Housing - Lindenwold Towers Senior Housing - Harvest House Senior Housing - Linden Lakes	100% 100% 100%	\$ 94,796.10 157,614.98 81,781.88	\$ 20,000.00 60,017.12 37,603.00
		\$ 334,192.95	\$ 117,620.12

Additionally, under the Five-Year Exemption and Abatement Law (N.J.S.A. 40A:21-5, et seq) and Borough ordinance, the Borough has approved dwelling exemptions to various residential property owners for rehabilitation of particular buildings and structures, with an exemption period that lasts no more than five years. These "short-term" tax exemptions have been structured as reduced property tax bills that exclude part of the improvement value. The amount of municipal taxes abated under this program was \$2,529.45 for 2016.

# SCHEDULE OF FINDINGS AND RECOMMENDATIONS

FOR THE YEAR ENDED DECEMBER 31, 2016

Schedule of Findings and Recommendations For the Year Ended December 31, 2016

#### Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards* and with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

#### Finding No. 2016-001

#### Criteria or Specific Requirement

N.J.S.A. 40A:4-57 states that no officer, board, body or commission shall, during any fiscal year, expend any money (except to pay notes, bonds or interest thereon), incur any liability, or enter into any contract which by terms involves the expenditure of money for any purpose for which no appropriation is provided, or in excess of the amount appropriated for such purpose.

#### **Condition**

The Borough expended funds in excess of the amount appropriated for one project included in a multiple-purpose bond ordinance appropriation in the General Capital Fund.

#### **Context**

The Borough originally charged a portion of the contract awarded for improvements to the police department building roof to a bond ordinance appropriation adopted for improvements to the public works garage roof. The expenditures were reclassified by an audit adjusting entry to charge the expenditures to the proper bond ordinance appropriation, thereby over expending such appropriation in the amount of \$150,626.00. The adopted bond ordinance appropriation that included the appropriation for improvements to the police department roof was adopted for \$500,000.00.

#### Effect

The over expenditure in the amount of \$150,626.00 was recorded as a deferred charge in the General Capital Fund as of December 31, 2016. The Borough will be required to raise such deferred charge through a budget appropriation in the 2018 Current Fund budget.

#### <u>Cause</u>

The Borough originally charged the contract for the police department building roof improvements to a bond ordinance appropriation whose scope did not include such a purpose.

#### **Recommendation**

That charges to bond ordinance appropriations be made only for purposes included in the scope of the ordinance and that no over expenditures of ordinance appropriations be incurred.

#### View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

Summary Schedule of Prior Year Audit Findings and Questioned Costs as Prepared by Management

This section identifies the status of prior year findings related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

#### FINANCIAL STATEMENT FINDINGS

#### Finding No. 2015-001

#### Condition

The Borough expended funds in excess of the amount appropriated for two Current Fund budget line items.

#### **Current Status**

This condition has been resolved as there were no over expenditures of Current Fund budget line items in 2016.

#### FEDERAL AWARDS

None.

#### STATE FINANCIAL ASSISTANCE PROGRAMS

Not applicable.
